

University Schedule for Each Unit

	9:00–10:00	10:30–12:30	AFTERNOON	
M, W, F	Math (using math manipulatives & story problems, making sure that students really understand the concepts)	History Revealed (longer time frames encourage art projects, mapping, creating scenery, strategizing action games, reading great books, having in-depth discussions)	LUNCH	Whatever else you want to do!
T, R	Language Arts (playing with grammar, brainstorming ideas for poetry, etc.)	Science (time for science projects, field trips, and more)	LUNCH	

Be sure to include several quick breaks/drink water/have snack/do a few stretches during this time!

Reverse the schedule for second semester.
